New York, June 20.—The stock market made some headway during the early part of the session against de-Pression, and an average level of prices materially above last night was established. Room traders were inclined to take the long side for a turn, under the inpression that the market had been oversold and a raily was due. But before the end of the session large offerings of stocks were thrown on the market, embracing all the principal groups of securities dealt in. Earlier gains were more than wiped out, the decline from the best in the active railroad stocks running from 1 to 1½, the net losses were mostly fractional, but some of the specialties show wide declines and the same is true of some of the dormant stocks which have not been dealt in during the late period of weakness. The chief influence in turning the tide of sentiment towards the bear side was the acute weakness developed in Sugar and Brooklyn Rapid Transit, and in other specialties by sympathy. The bears attacked the Brooklyn stocks with great confidence and encountered a little opposition in forcing the price down. The drop in Sugar extended to over 4 points and was without special explanation. All of the gas stocks were acutely depressed, the declines extending from 1½ in the total control oil preferred 5. Chicago Great Western preferred 4. On disappointment over the failure to declare a dividend. The Tobacco stocks, General Electric and New York Air Brake from 1½ to 4. These violent declines were Cotton Oil preferred 5. Chicago Great Western preferred 4. On disappointment over the failure to declare a dividend. The Tobacco stocks, General Electric and New York Air Brake from 1½ in the stock of the banks receive increasing attention. To-day's engagement of \$1,100,000 of gold for shipment to France was expected and sterling exchange eased off under the offerings of bills against the shipment. Discount rates hardened by the banks receive increasing attention. To-day's engagement of \$1,00,000 of gold for shipment to France was expected and sterlin

The bond market was dull and prices were lower. Total sales, par value, \$1,250,000. U. S. new 4's declined 14 in the bid

price.
The total sales of stocks were 351,-200 shares. New York, June 20.—Standard oil, 5.35@5.361/2.

Lard, Short Ribs, &c.

Chicago, June 20.—Wheat had another sensational advance in price today, July selling up to \$134-34 cents higher than the close yesterday, and closed at the top. There was an enormous trade. An estimate puts the amount which changed hands at 20,000,000 bushels. Many who had bought at a lower price took out fortunes in profits. The extremely grave situation in the Northwest was the influence in the advance. Reports from that section to-day were that the crop had been practically ruined by the lack of rain.

To-day's closing prices are the highest for wheat since the collapse of the Leiter deals.

The Cotton Markets.

NEW YORK COTTON MARKET.

New York, June 20.—To-day's cotton market started off as a most peaceable affair, but developed into one of the most exciting in many months. Whereas last night's prices were current at the opening by mid-afternoon a sheer advance of 25 to 44 points was scored. Southern, foreign and local shorts were panic stricken, and made frantic efforts to cover. The condition of affairs was made doubly precarious by an enormous investment defrantic efforts to cover. The condition of affairs was made doubly precarious by an enormous investment demand from all quarters.
